About:

Welcome to journal club where it serves three purposes: teach and develop critical appraisal skills, increase exposure to rapidly evolving medical literature and help in informed clinical practice. They facilitate better knowledge and literature awareness through group discussion with peers. Student members can improve their reading habits and gain practice in critiquing and appraising research; they can polish their presentation and communication skills; they can network and improve dialogue with other students and professionals; and they can see how the best research can improve evidence-based

Objectives:

- Make aware about recent publications from Pharma Journal Club
- Acquire knowledge in current research domain and applications
- To encourage practitioners to read and appraise publications critically and give them the ability to do so.
- To encourage practitioners to do applied clinical research and to show them how to improve debating skills, demonstrate leadership skills, and aid peer mentorship.
- Bring questions, a sense of humor, and Distribute (and redistribute) the time, place, topics, and roles. Bring enough copies for every one of both the week's article and a backup article.
- Develop the project prototype by channeling development in terms of academic qualifications and imbibing training.

Importance of student clubs:

Every year, the institution organizes a number of events. Students clubs provide a venue for interaction among themselves and with events from the outside world. They can be bringing out the enthusiasm in young people and help them develop their organizational skills. The clubs provide a balance of work, enjoyment, and leisure activities, ensuring students overall growth.

The following are the student clubs which were setup during the academic year 2023-2024.

Report on “Medication safety in community pharmacies”

A Seminar was conducted on “Medication safety in community pharmacies” at 01.30AM in E-Classroom. The seminar was delivered by Student of Pharmacy Practice- V.Sandhya. The seminar on medication safety in community pharmacies highlighted the importance of addressing human, systemic, and environmental factors to reduce medication errors. By implementing SOPs, leveraging technology, and fostering effective communication, community pharmacies can significantly enhance patient safety. Sharing best practices and learning from real-world case studies can provide valuable insights and encourage the adoption of proven strategies.
