

Importance of student clubs:

Every year, the institution organizes a number of events. Students' clubs provide a venue for interaction among themselves and with events from the outside world. They can be official or casual but they bring out the enthusiasm in young people and help them develop their organizational skills. The clubs provide an ice balance of work, enjoyment, and leisure activities, ensuring students' overall growth.

The following are the student clubs which were setup during the academic year 2018-2019.
